Seat: Pink Kvadrat Steelcut 605

Frame: Beige 5023
Seat: Beige Kvadrat Steelcut 240

Frame: Black 5130
Seat: Black Kvadrat Steelcut 2 190

PRODUCT CARE

We recommend using a soft, either dry or wet, rag. When needed, use ph-balanced soap diluted in water. Do not use abrasive sponges as they may leave scratches. For fabric version, daily care and immediate stain removal will ensure that your wool upholstery will keep looking good. It is normally sufficient to regularly vacuum and air upholstered furniture. We suggest cleaning the wool fabric occasionally. Use a specific wool cleaning soap and follow the instructions carefully. Take care never to saturate the wool fabric. Never use undiluted cleaning agents, bleaching agents, ammonia or soap intended for hard surfaces. As a general rule, many types of stain can be removed using lukewarm water. For greasy stains, use a dry stain remover. For more insoluble stains (chewing gum, candle wax, etc.), use a plastic bag filled with ice to rub the stain until the substance has become friable.

Use a clean flat blunt blade to delicately remove the substance. Be careful when using solvents, because these could dissolve the upholstery material beneath. Avoid contact with all acidic substances. Avoid direct exposure to sunlight or heat sources. Periodic and correct maintenance allows the product to keep its original aspect and lengthens the duration of its performance.

WARNING

ONLY SKILLED WORKERS ARE AUTHORISED TO REPLACE OR REPAIR THE COMPONENTS OF THE HEIGHT REGULATION SYSTEM. Treat stains immediately, the longer they remain in the fabric, the harder it is to remove them. Before choosing a cleaning method, always try it out on a concealed part of the seat. Do not use different cleaning products from the ones mentioned above. Do not use the product in an improper way. Do not place hot objects on it, stand on it or use the product as a ladder. Once disused, please make sure that this product is disposed in an environment-friendly way.
